Cold Storage Valley Pips

EXHIBITION PIPS

These are the cream of the crop raised by the best grower in Germany and have been selected and re-selected, and are thus the best pips obtainable.

Flowers grown from these pips were exhibited this Spring at the International Flower Show, New York; also at the big show at Minneapolis and at both shows were prize winners.

They are packed in cases of 250 and 500 pips; all pips are packed individually in layers between moss, thus ensuring even conditions.

PRICE

EXHIBITION PIPS. \$20.00 per case of 250,
\$70.00 per 1000.

STRONG SELECTED PIPS. \$17.50 per case
of 250, \$65.00 per 1000.

NOTE—These pips can be had at any time of the year.
